

WHAT IS CLAIMED IS:

1. A privacy shade to conceal information displayed on a screen of a computer monitor, comprising:

a piece of flexible material of a shape and size to cover the viewing area of the screen and provide concealment of the information displayed on the screen when said material is in a down position,

wherein said material is attached to a top portion of the computer monitor such that said material covers the front of the screen when said material is in the down position.

2. The privacy shade of claim 1, wherein said material is attached to the computer monitor by at least one hoop and loop fastener.

3. The privacy shade of claim 1, wherein said material is attached to the computer monitor by at least one hook.

4. The privacy shade of claim 1, wherein said material is attached to the computer monitor by at least one clip.

5. The privacy shade of claim 1, wherein said material is attached to the computer monitor by at least one snap.

6. The privacy shade of claim 1, wherein said material is attached to the computer monitor by an adhesive.

7. The privacy shade of claim 1, wherein the flexible material is cloth.

8. The privacy shade of claim 1, wherein the flexible material is plastic.

9. The privacy shade of claim 1, wherein the shape of said material is a rectangle.

10. The privacy shade of claim 1, wherein said material may be folded over the computer monitor to an up position.

11. A privacy shade to conceal information displayed on a display screen, comprising:

a piece of flexible material of a shape and size to cover the viewing area of the screen and provide concealment of the information displayed on the screen when said material is in a down position, and

wherein said material is attached to a top portion of the screen such that said material covers the front of the screen when said material is in the down position.

12. The privacy shade of claim 11, wherein said material is attached to the screen by at least one hoop and loop fastener.

13. The privacy shade of claim 11, wherein said material is attached to the screen by at least one hook.

14. The privacy shade of claim 11, wherein said material is attached to the screen by at least one clip.

15. The privacy shade of claim 11, wherein said material is attached to the screen by at least one snap.

16. The privacy shade of claim 11, wherein said material is attached to the screen by an adhesive.

17. The privacy shade of claim 11, wherein the flexible material is cloth.

18. The privacy shade of claim 11, wherein the flexible material is plastic.
19. The privacy shade of claim 11, wherein said material may be folded over the screen to an up position.
20. The privacy shade of claim 11, wherein said screen is a video display screen.
